Lisa and Bonnie,

We are aware of the Motiva Terminal spill. They reported initially a potential of 100K gal discharge. NJDEP is the lead for that incident and is working with the facility. The Coast Guard was called because they had federal jurisdiction lead. This event has been reported to us as being under control. All inquiries should be forwarded to the State...we can facilitate that if needed.

Regards,

Eric

Are we aware and/or have any role? If not, please suggest who they should contact.

Hey Lisa,

We have gotten an indication from the USCG that an oil spill may have occurred at the Motiva Terminal in Sewaren, NJ. Do you have any more information?

Thanks,

Brendan
